## Private Commissions

I have limited availability for commissions throughout the year. To provide you with a precise pricing estimate, please share high-resolution images of your horse in the desired pose. Additionally, let me know your preferred size and style- whether you envision a realistic or abstract depiction.

My specialty lies in painting horses in their natural poses, and I do not include people in my artwork. If you're interested, I also offer horse photography services for an additional fee, depending on location and travel costs.

Please note that the pricing listed is for a single horse; additional horses in the painting will incur an extra custom fee.

If you have any questions or require further assistance, don't hesitate to reach out!

All my paintings are crafted on hand-primed Belgian linen using Matisse acrylics and are professionally stretched by Chapman and Bailey in Melbourne.
